Bubble Tables

Colour changing lights have the ability to captivate both adults and children alike and can also be used for educational purposes including special needs.

Here we have a fabulous bubble tube water feature that can be used as a coffee table or for children to play, eat, relax, read, colour etc. A really great feature for everyone in the family. Impressive item to have when your friends are over! Colours change automatically into a range of different pretty colours, or can be set to the colour of your choice. The Bubble Table features round corners so safe for everyone, and has secure glass keeping everyone in mind!

- » Wall fixing supplied, suitable wall is required.
- » Remote control - lights change to a wide range of colours and speeds.

COMBINATION OPTIONS

Bubble Wall Floor Standing

123 x 40 cm, Base Depth: 26cm

BW120

Freestanding, colour changing.

Standing at an impressive 120cm tall, the freestanding bubble wall boasts a high quality black metal frame and ornamental stones in the base to complete the zen feel whilst the bubble wall has a contemporary brushed metal frame.

- » Continuously rising bubbles and colour change LED lights
- » Five modes; flash, strobe, fade, smooth and static single colour
- » Choose from 16 static colours
- » Select brightness setting
- » High quality air pump
- » Suitable for use with cooled boiled tap water
- » Mains operated, remote control included

Padded Surround for Floor Standing Bubble Wall

33 x 50 x 26 (h) cm

BW120SS

This comfortable high quality padded surround is made in the EU from high quality foam and vinyl. The padded surround protects children from any sharp or technical bits and allows children to get up close and personal to the water feature.

Waterfall with Coloured Balls

120 x 50, Base Depth: 29cm

BWWCB

A visually stunning product! This waterfall panel cleverly brings water and coloured beads from the bottom to the top and gently scatters them to create a cascading shower of beads that light up in the colour changing light. Supplied with a remote control to select colour. (Not suitable for children with a sensitivity to noise).

Bubble Tubes

Multi-Sensory environments support interaction, discovery, as well as communication, and Bubble Tubes really are at the heart of many multi-sensory environments, gaining attention and inspiring interaction through the constantly changing colours and moving bubbles. Bubble Tubes have many benefits and can be used to; aid visual stimulation; develop cause and effect skills; understand colour sequencing and/or colour matching; encourage touch through vibration as well as many theme activities.

Floor & Wall Tiles

**Perfect for a sensory room
or as a stand alone floor.**

Light-Up Floor Tiles

FOR THE ULTIMATE SENSORY EXPERIENCE!

A wonderful visual and tactile light up experience that really does encourage you to move around and explore the surfaces. The tiles have liquid swirls within which light up. They contain flowing colours that swirl around as you move about on them. They will withstand jumping on and strenuous use by children and adults as well as the weight of wheelchairs. Can also be used on a table top or any flat surface. Simply apply a little pressure to create a dramatic visual effect.

Light-Up Liquid Floor Tiles (Choice of 4 Colours)	
CZ5000	Set of 4 Liquid Tiles, assorted colours + Adaptor
CZ5004	Blue
CZ5003	Green (with Yellow)
CZ5002	Red
CZ5001	Orange
CZAD	Adaptor for Light Up Liquid Floor Tiles (for 4 tiles) This adaptor must be purchased separately. The tile will not automatically be provided with an adaptor. This adaptor can supply power for up to 4 tiles.

A very high-quality unique product. Each tile is filled with a liquid gel. Every step or movement will cause the liquid gel to shift in an array of patterns. A wonderful resource for a sensory room or to create a mini platform in the room to give a child their special space.

- » Waterproof, non slip and can carry loads up to 500 kg per tile.
- » CE and ROHS certification.

Interactive Wall & Floor Tiles

Interactive Round Floor Tile

50cm diameter

SIRFT50

This interactive dance floor tile uses the latest modern technology. The light will stop on a specific colour when the child removes their foot from the tile. Using synchronised control method to achieve the highest resolution with 2 different interactive circular light up parts. The tile body is a sophisticated piece and an excellent sensory resource.

Perfect 3D effects, touch sensitive, fast response time.

- » Installation is simple, convenient and fast. Can be connected seamlessly.
- » High-strength chassis and ABS material used in the base.
- » Extra durable panel.
- » When mounting on the wall - professional installation is required.

Interactive Round Wall Tile

30cm diameter

SIRFT30

Round Interactive Light Up Floor Tile **Plastic** with Remote

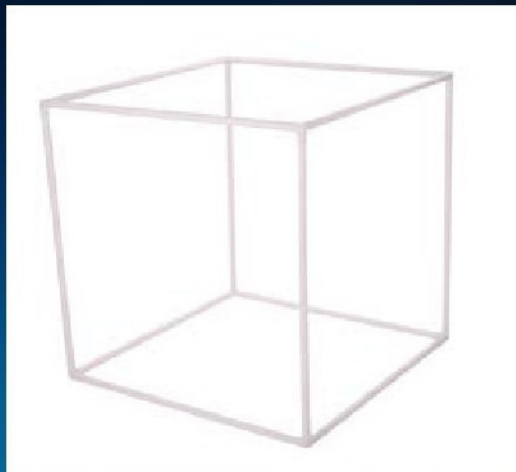

50cm Diameter

SIWLUT50
